Rounak Shrivastava

Full Stack Engineer | React & Angular | Golang & Python (FastAPI) | AWS | Gen AI

+91 7987219683 | rounakshrivastava97@gmail.com | github.com/Rounakshrivastava5 | linkedin.com/in/rounakshrivastava

SUMMARY

Full Stack Engineer with 4+ years of experience building enterprise web applications and developer tools, using React, Angular, and TypeScript on the frontend and Golang and Python (FastAPI) on the backend. At Quick Heal, implemented 40+ features for 10K+ users, improved page performance by 30%, and contributed to a monolith-to-micro-frontend migration. Currently building full-stack applications on AWS with Gen AI integrations.

SKILLS

Languages: Golang, Python, TypeScript, JavaScript
Frontend: React, Angular, RxJS, Tailwind CSS, Bootstrap
Backend: FastAPI, Gin, Node.js, Pydantic, SQLAlchemy, REST APIs, JWT Authentication, Microservices
Data & Messaging: PostgreSQL, MongoDB, Redis, Kafka, RabbitMQ
Cloud & DevOps: AWS (Lambda, S3, API Gateway), Docker, CI/CD
Testing & Tools: Unit Testing, Jasmine, Karma, SonarQube, Swagger, Jira
AI Tools: Claude Code, Cursor AI, GitHub Copilot, OpenAI Codex, Google Antigravity

EXPERIENCE

Reqpedia Technologies Private Limited — Oct 2026 – Present
Senior Software Engineer — Remote

- Building full-stack web applications using Golang, Python, React, and Angular, with AWS and Gen AI integrations.

Techolution India Pvt Limited — Dec 2025 – Apr 2026
Application Support Engineer (Full Stack) — Remote

- Built and deployed responsive React UI features and full-stack enhancements, raising application availability to 99%+ and reducing production UI bugs by 15%.
- Built and integrated 10+ Angular modules with asynchronous REST APIs, reducing data-integration friction by 20%.
- Debugged and enhanced Python (FastAPI) backend APIs, reducing critical issue resolution time by 25%.

Quick Heal Technologies — Feb 2022 – Oct 2025
Software Engineer — Pune, India

- Implemented 40+ enterprise features across Angular and React applications integrated with Python (FastAPI) and Golang REST APIs, improving page performance by 30% for 10K+ users.
- Built and enhanced core modules including RBAC, Policy Management, Consent Management, Breach Notification, and Data Classification, converting 30+ Figma/Adobe designs into responsive, production-ready interfaces.
- Contributed to the migration from a monolith to micro-frontends by developing 15+ reusable shared components, improving development efficiency by 20%.
- Resolved 100+ issues across Dev, QA, and Pre-Prod environments using SonarQube, unit testing, Cursor AI, and GitHub Copilot, reducing turnaround time by 25%.
- Wrote unit tests for Angular UI and Python/Golang API code, improving reliability and release confidence.

Atos Syntel — Oct 2021 – Jan 2022
Associate Consultant (Mainframe Developer) — Remote

- Supported application maintenance and batch processing tasks using COBOL, JCL, and DB2.

PROJECTS

AI-Context-Shifter — github.com/Rounakshrivastava5/AI-Context-Shifter

- Built a Chrome Extension (Manifest V3) that transfers conversation context between Claude, ChatGPT, Gemini, and DeepSeek with automated prompt injection and state preservation, using JavaScript and Chrome APIs.

Promptly — github.com/Rounakshrivastava5/Promptly

- One small widget for every AI chatbot you use. See your model, usage and context at a glance. Get warned before you hit a limit. Hand off the conversation to another bot in one click, and turn rough prompts into great ones.

Kanbix — github.com/Rounakshrivastava5/Kanbix

- Built a real-time collaborative Kanban platform using React, Socket.io, Node.js, and MongoDB, with drag-and-drop and WebSocket synchronization delivering sub-200ms task updates.

Code Session Timer — github.com/Rounakshrivastava5/Code-Session-Timer

- Built a VS Code Extension using TypeScript for session tracking, productivity analytics, and automated break reminders.

EDUCATION

Ajeenkya DY Patil University — Jul 2017 – Jun 2021
Bachelor of Technology, Information Technology | *CGPA: 9.03* — Pune, India

CERTIFICATIONS & COURSES

- Microsoft Certified: Azure Fundamentals (AZ-900)
- Hugging Face: Fundamentals of Agents
- Anthropic: Introduction to Model Context Protocol
- Anthropic: AI Fluency: Framework & Foundations
